Dear Marty,

Thank you for your very generous donations of vinyl siding, doors, and building materials. These high-quality products are a perfect fit for the Habitat retail store. Our customers will eagerly purchase these items for their own improvement projects. Your donations gives products a 'second life' and avoids disposal in our area land fill. Also, revenue from store purchases helps us achieve our vision of:

"a world where everyone has a decent place to live"

Thanks to your support, there are two more homes under construction for 2019, at the DC Everest and Mosinee High Schools. Habitat partners with the schools to help students receive exposure to construction trade skills as well as the potential to ignite future career interest in multiple industries. When home construction is completed in the fall, two more families will become home owners!

Please know that we genuinely appreciate your donations and that your kindness is making a positive difference.

Sincerely,

A handwritten signature in black ink that reads "Connie Conrad".
