

Premier 30 Pellet Grill

The Smokin Brothers “30” Premier Wood Pellet Grill has become the most popular grill of the Smokin Brothers Grill collection. This grill comes with the **PID Program Control***, Double Wall Insulated Fire Box, Four Multi Directional Casters and the combination Work Surface / Front Loading Pellet Hopper with a 20 pound capacity. In addition, this grill can be inserted into an outdoor kitchen with an optional accessory kit. Many more accessories available including the *Heat Wave* that keeps the heat where you need it in the grill.

American Made in Missouri

More key features for this grill include:

- **792 Square Inches of Cooking Space** - Enough space to cook anything you need.
- **Center Smoke Stack** - Promotes even temperature across the grill surface.
- **1” Double Wall Insulated Fire Box** - Cook all year round with no need for a thermal blanket.
- **Electronic Igniter** - Hit the button and Go...It doesn't get any easier.
- **State of the Art Digital PID Controller*** - Maintain temperatures within 1 degree.
- **Welded Frame** - You can't get a sturdier base. Stop Tightening Bolts!
- **20 Pound Capacity Front Hopper** - Plenty of fuel and an awesome workspace on top of it.
- **Sloped Hopper** - Lets all the pellets slide down to the auger, not onto a flat spot.
- **4” Locking Casters** - Easy to move the grill where you want then lock into place.
- **1/4” Porcelain Coated Grates** - Promotes increased heat retention and easier clean up.
- **Divided Grid/Grate Surface** - Makes clean up easier.
- **Fully Wrapped 12 gauge Lid** - Keeps the wind out and the heat and smoke in.
- **Straight Vertical Drop Grease System** - Prevents rain overflow and nasty messes.
- **Included Meat Probe** - Track internal meat temperatures for precise cooking.
- **Side Entry for Meat Probe** - Prevents bending or damage to the meat probe.
- **Built In Capability** - Optional accessory kit available to build your grill into an outdoor kitchen.
